

## **Resource Description**

The Population Finder is a quick and easy data tool to access population statistics by sex, age, ethnicity, and race as well as housing-related statistics. The latest data in this tool comes from the 2010 American Community Survey. Appropriate for use by students. A tutorial on using Population Finder is also available.

## **Activity Assessment**

To access the Population Finder tool, click here (<http://www.census.gov/popfinder/>).

To access the Population Finder Statistics Access Tutorial, click here ([http://www.census.gov/mso/www/training/popfinder\\_tutorial.html](http://www.census.gov/mso/www/training/popfinder_tutorial.html)).

For more information about the American Community Survey, click here ([http://www.census.gov/acs/www/about\\_the\\_survey/american\\_community\\_survey/](http://www.census.gov/acs/www/about_the_survey/american_community_survey/)).

For additional assistance, contact the Census Bureau's Customer Services Call Center at 1-800-923-8282. You can visit [ask.census.gov](http://ask.census.gov) to chat with a live operator. You can also submit questions through the website [ask.census.gov](https://ask.census.gov) (<https://ask.census.gov/>).
